

Model: FV21D6AWE

21.2 cu.ft. Upright Freezer

Energy Save Mode - Don't make your compressor work overtime if your freezer isn't full. This mode helps keep cooling at a consistent safe temperature without using more energy than is needed.

External Handle- the external handle offers you better grip when opening and closing.

Fast Freeze Function - Use when you need to freeze larger amounts of fresh, unfrozen food. The faster your food is frozen, the better quality it will be when the food is thawed.

Easy Pull Baskets

Don't leave things at the bottom-back of the freezer to suffer freezer burn and be discarded. Step up your freezer organization with these easy pull baskets.

No-Frost Technology

Save time constantly defrosting and chiseling away the ice in your freezer again with our frost-free design. Let us do the work for you.

Digital Temperature Gauge

Easy to see, easy to control.

5 Door Bins

Quick access area so you can easily grab commonly accessed items in the freezer.

Big Capacity and Big Savings

With a huge 21.2 cubic feet capacity, this Hisense upright freezer offers excellent storage for every frozen treat you can think of with even more capacity in easy-to-use door bin storage. The Hisense Multi Flow cooling system continuously moves cold air throughout the freezer, keeping the temperature even throughout, no matter where in the freezer your food is stored. The FV21D6AWE provides reliable frozen storage for families of any size! Avoid your kids playing Tetris with your frozen food, while looking for popsicles with the flexible interior organization options available on this upright freezer. Did we mention it's E-Star® certified?
