class

A6 VIDAA Series 4K UHD

Model 65A6GV

## Model: 65A6GV

4K Smart TV

### WORKS WITH GOOGLE ASSISTANT

With four times more pixels (8.3 million) than standard high-definition TV's, the Hisense A6 Series 4K Ultra HD Smart TV is built to deliver bright colors and rich contrast in a slim-bezel frame. Dolby Vision HDR\* technology maximizes brightness, the UHD Upscaler brings lower resolution content as close to 4K as possible, and Motion Rate 120 keeps up with the fastest sports, movies and 4K gaming. This series also comes with tons of built-in apps via the Hisense Smart Platform (VIDAA OS), making it easier than ever to personalize your entertainment experience. Wirelessly connect a soundbar or headphones to enhance your audio experience with Bluetooth Audio.

HDMI

Grab your High-Speed HDMI cable and experience all that HDMI 2.0 has to offer. Higher resolutions, higher frame rates and more bandwidth are just a few of the things that allow gamers to take advantage of new graphics features on some of the next gen gaming consoles. Game at 4K up to 120 fps (on supported panels). HDMI 2.0 offers support for VRR and ALLM giving you a more simplified connection between your TV and connected devices.

Auto Low  
Latency Mode

ALLM allows the ideal latency setting to automatically adjust, allowing for smooth, lag-less, and uninterrupted interaction with your TV. ALLM allows your connected gaming console, or computer to send a signal to the TV which makes it switch to a low-latency, low-lag mode for gaming.

Dolby Vision™ & HDR10 are cinema-inspired technology that add ultra vivid imaging, brightness, contrast, colour and detail that brings entertainment to life right before your eyes. The Hisense A6GV Series TV transforms your viewing experience by combining these two technologies with impressive 4K picture quality.

Technology is a versatile advanced post-processing package that creates an immersive audio experience that includes psychoacoustic bass enhancements and multichannel virtual surround sound. Experience more lifelike, multidimensional audio on your Hisense 65A6GV.

## TECHNICAL SPECIFICATIONS

<b>DISPLAY</b>	
Actual screen size (diagonal)	64.5"
