Helps keep your home conveniently dry, fresh, and quiet

This reliable and eco-friendly, Energy Star® certified dehumidifier can operate at temperatures as low as 3 degrees Celsius. Three operating modes (manual set, continuous and auto dry) and the low* noise level make this a versatile choice. During dehumidification, water accumulates in the internal water tank or is continuously pumped out using the included quick-connect hose. Additional features include a programmable 24-hour on/off timer, adjustable humidistat, and full-tank alert/shutoff.
