H8 Series 4K ULED™ Android TV

Model #65H8809

Model: 65H8809

4K ULED™ Android TV

## THE TOTAL PACKAGE

The Hisense H8 is the most advanced TV in its price class providing a picture with richer colours, more detail, better brightness, and smoother motion. For the first time, the H8 is powered by Hisense's proprietary ULED technologies and Hi-View chipset, raising the bar for picture-quality across this entire class of TV. This combination works intuitively and continually to create backlight control, and picture quality enhancing and tuning algorithms to boost colour, contrast, brightness and motion. Sit back and enjoy the ideal viewing experience—no matter what's on the screen.

### ULTRA INCREDIBLE

Take your TV experience from great to incredible. The picture quality of the H8 is driven by our exclusive ULED technologies including the Hi-View chip which drives the picture-quality enhancing algorithms. All are calibrated to work together in perfect harmony—to upgrade the performance of every pixel and create a picture that transforms your favourite entertainment into your Ultra-new reality.

### TV YOUR WAY

With Android TV, you can enjoy the best Android has to offer on the biggest screen in your home. Stream more than 500,000 shows and movies, and access popular apps like Netflix, YouTube and many more. Watch live sports and news on popular channels. Or gather around to watch the hottest videos from YouTube or 1,000+ Chromecast-capable apps.

### LIGHTS OUT PERFORMANCE

The more you can control the better. See which areas of the screen are brighter and which are darker with more Local Dimming zones. What could be better than a TV that offers you increased contrast and colour accuracy? That was just one of the many bright ideas we had when we created the H8.

LOCAL DIMMING

### REALITY COMES NATURALLY

It's simple; The larger the colour palette and the more accurate it is, the more life-like your picture. The H8 Series features Wide Colour Gamut, which increases the total array of colours on display. This means you can experience the full spectrum of colours with more intensity.

## TECHNICAL SPECIFICATIONS

<i>DIMENSIONS/WEIGHT</i>	
TV Dimension (Without the stand)	56.9"W x 32.8"H x 3.0"D
(With the stand)	56.9"W x 35.6"H x 11.0"D
