55" class

H9808 Series 4K HDR SMART TV

Model #55H9808

I'm a fresh perspective

Enjoy the big boost to colours and contrast provided by Wide Colour Gamut and HDR*, while built-in Alexa voice controls allows you to simply talk to your Alexa-integrated smart home devices. Personalize your entertainment with built-in apps like Netflix, YouTube and more. Connect your favourite devices with multiple ports, and enjoy a sleek, slim design that's beautiful to look at, even when there's nothing on.

Wide Colour Gamut

Wide Colour Gamut technology expands the number of colours that the Hisense H9808 can display, delivering a picture that comes to life. Our technology produces true-to-life details by displaying billions of colours, keeping you captivated in everything you watch, start to finish.

HDR

High Dynamic Range (HDR*) boosts the contrast of every image while delivering vivid, deep colours. With enhancements to the darkest and lightest areas of the picture, HDR* delivers an image that looks closer to life.

Ultra Motion

Don't struggle to keep your eye on the ball—enjoy fast-paced sports and movies with Ultra Motion technology. With Ultra Motion, the Hisense H9808 keeps the thrills coming by reducing judder during fast-moving action scenes.

Metal Frame Design

Our Hisense H9808 features an ultra-sleek design with stylish metal accents, making it stand out in any setting. Striking the perfect balance between form and function, the Hisense H9808 always looks great — even when it's not turned on.

4K Resolution/UHD Upscaler

With over 8 million pixels, the Hisense H9 Series offers a clearer, more defined picture when compared to Full HD. Breathe new life into older videos thanks to our UHD Upscaler which brings lower-resolution as close to 4K as possible. Get ready to experience your favourite movies, games and shows in a whole new way.

Hisense Smart

Personalize your entertainment with Vidaa U, the Hisense Smart TV operating system. The Hisense H9808 provides fast access to Netflix, YouTube, TikiLive and more through simple "one-touch" hot keys on the remote control.

Alexa-enabled

Make the H9908 a part of your smart home by handing voice controls over to Amazon's Alexa. Control your TV viewing by asking Alexa to change channels, find and play specific titles and control playback. Never miss a second of your favourite show again!

Local Dimming

The Hisense H9808 features local dimming zones in the back panel of the TV, producing a better picture by heightening the image contrast. By creating super-detailed contrast, our local dimming technology offers a very realistic, very accurate and very pretty picture.
