55" class

H8608 Series 4K ULTRA HD SMART TV

Model # 55H8608

I'm larger than life

Keep your eyes on the size. With a high-resolution picture, intuitive menu navigation, a variety of display options, crisp sound and super-slim design, the Hisense H8608 4K Ultra HD Smart TV will earn you major bragging rights.

Personalize your experience with tons of included apps like Netflix, YouTube, TikiLive or surf the Internet with the built-in web browser. It's also equipped with a UHD Upscaler to bring lower-resolution content as close to 4K as possible—a truly affordable luxury. Upgrading your home? No—this is more like upgrading your life.

4K Resolution/UHD Upscaler

With over 8 million pixels, the Hisense H8608 offers a clearer, more defined picture when compared to Full HD. Breathe new life into older videos thanks to our UHD Upscaler, which brings lower resolution as close to 4K as possible. Get ready to experience your favourite movies, games and shows in a whole new way.

Hisense Smart

Personalize your entertainment with Vidaa U, the Hisense Smart operating system. The Hisense H8608 provides fast access to Netflix, YouTube, TikiLive, and 4K Now through "one-touch" hot keys on the remote control. There's always thousands of movies and shows at your fingertips.

Alexa-enabled

Make the H8608 a part of your smart home by handing voice controls over to Amazon's Alexa. Control your TV viewing by asking Alexa to change channels, find and play specific titles and control playback. Never miss a second of your favourite show again!

Motion Rate

Don't struggle to keep your eye on the ball—enjoy fast-paced sports, movies and 4K gaming without the lag. Featuring Motion Rate 120 image processing technology, the Hisense H8608 keeps the thrills coming by reducing judder during fast-moving scenes.

HDR

High Dynamic Range boosts the contrast of every image while delivering vivid, deep colours. With HDR* enhancements to the darkest and lightest areas of the picture, the Hisense H8608 delivers an image that looks closer to life.

Local Dimming

The Hisense H8608 features local dimming zones in the back panel of the TV, producing a better picture by heightening the image contrast. By creating super-detailed contrast, our local dimming technology offers a very realistic, very accurate and very pretty picture.
