H7608 Series 4K UHD HDR SMART TV

Model # 50H7608

I'm a big deal

Have you ever seen a 4K Ultra HD TV like this? We're guessing that if you did, it wasn't this affordable. With four times more pixels (8.3 million) than standard high-definition TV, the Hisense H7608 4K Ultra HD Smart TV is built to deliver bright colours and rich contrast.

HDR* technology maximizes brightness, the UHD Upscaler brings lower resolution content as close to 4K as possible, and Motion Rate 120 keeps up with the fastest sports, movies and 4K gaming. This series also comes with tons of built-in apps via Vidaa U, the Hisense Smart Platform, making it easier than ever to personalize your entertainment.

Hisense Smart

Personalize your entertainment with Vidaa U, the Hisense Smart operating system. The H7608 provides fast access to Netflix, YouTube, TikiLive and more through simple "one-touch" hot keys on the remote control.

HDR

High Dynamic Range (HDR*) boosts the contrast of every image while delivering vivid, deep colours. With enhancements to the darkest and lightest areas of the picture, HDR* delivers an image that looks closer to life.

Motion Rate 120

Don't struggle to keep your eye on the ball—enjoy fast-paced sports, movies and 4K gaming without the lag. Featuring Motion Rate 120 image processing technology, the Hisense H7608 Series keeps the thrills coming by reducing judder during fast-moving scenes.

4K Resolution/UHD Upscaler

With over 8 million pixels, the Hisense H7608 offers a crisp, clear picture when compared to Full HD. And thanks to our UHD Upscaler, which brings lower resolution content as close to 4K as possible, your favourite movies, games and shows are ready to be seen in a whole new light.

Various Size Classes

The sleek design and multiple sizes of the Hisense H7608 were designed to fit anywhere you want an unmatched picture. Featuring flexible, stunning design and high-quality images in size classes that range from 43" to 65", the Hisense H7608 is poised to transform any room.

Alexa-enabled

Make the H7608 a part of your smart home by handing voice controls over to Amazon's Alexa. Control your TV viewing by asking Alexa to change channels, find and play specific titles and control playback. Never miss a second of your favourite show again!
