H9 Series 4K ULED™ SMART TV

Model # 65H9907

## I'm a work of art

With premium ULED technology that produces colourful and smooth images and HDR-compatible technology which displays a more vibrant picture, this TV is designed to impress. The H9 Series 4K ULED™ Smart TV comes with plenty of tech that offers features like a UHD Upscaler to convert lower resolution content to near 4K UHD quality and offers award-winning sound integrated with dbx-tv® technology. Popular built-in apps to personalize your entertainment, and multiple ports to connect your favourite devices for your complete home entertainment theatre you've always dreamed of.

### ULED™ and HDR Compatible

Ultra LED (ULED™) edge lit and HDR-Compatible technology is crucial if you want the best picture possible. Whether you're a gamer, sports fan or a movie fanatic, ULED™ combines a multitude of features that will sure leave you something to brag about to everyone.

### 120Hz Refresh Rate

The H9 Series is a native 120Hz refresh rate panel that will give you the best and smoothest motion picture – ideal for action packed movies, sports and gamers alike.

### Wide Colour Gamut

By expanding the Rec. 709 colour gamut percentage beyond standards – the H9 series will surely impress your senses by showcasing a richer colour spectrum for all types of content.

### Local Dimming

Local Dimming dims certain areas of the screen that needs it, while keeping the bright parts of the screen bright - this technology can really improve the contrast ratio to make a better image and a vital feature that goes hand in hand with HDR – compatible.
