H7 Series 4K ULTRA HD SMART TV

Model # 55H7607

I'm a work of genius

With four times more pixels (8.3 million) compared to standard high-definition TVs, the H7 Series 4K UHD TV gives you a crystal – clear picture. HDR-compatible technology elevates the brightness and colours while the ambient light sensor feature adjust to give you the perfect atmosphere in your room. Use the UHD Upscaler to increase the resolution of HD content or press the 'One-Touch' hot keys on the remote to quickly access your favourite shows. Jam to award-winning sound by dbx-tv® and enjoy the popular built-in apps.

4K resolution and HDR-Compatible

Loads and loads of pixels—we're talking 8 million—of 4K UHD (3840 x 2160p) resolution. Add that to an HDR-Compatible standard and you get a more vibrant picture full of images that have greater depth and feel so real that you want to reach out and touch them. Thanks to all of this tech, you get a brighter, clearer, more vibrant picture.

4K Upscaler

Don't get rid of your DVD collection. Experience your favourite 1080p resolution movie in a new way. The upscaler will convert your movie in or near 4K to give you a crystal-clear picture.

Award-winning audio technology

Let the rich sound integrated by dbx-tv® Award-Winning Audio Technology, carry you away. You'll hear every detail in the background of your favourite movie and experience it differently.

Bluetooth

Along with our many inputs available for your devices, we've included Bluetooth capabilities to connect wireless devices such as an audio headphone.
