

### Bring your music and movies to life

The Hisense 1-piece 30W Sound Bar Home Theater System is the perfect audio solution to bring your music and movies to life. It features 2 channels, Bluetooth® connectivity to wirelessly stream music, an Optical and Audio Input, and an easy, hassle-free setup. Use the remote control to operate the soundbar all from the comfort of your favorite chair and mount it on the wall to save space.

#### 2.0 channels

2.0-Channel, 38-inch soundbar with Bluetooth

#### Bluetooth®

Enjoy the convenience of streaming music (wirelessly) from your Bluetooth-enabled tablet or smart phone.

#### 3 Sound modes

Change the sound modes from Cinema to Music to News based on your preference.

#### Wall Mountable

Hardware is included if you prefer to save space by mounting the soundbar to your wall.

#### Remote Control

Adjust the volume and switch inputs all from the comfort of your couch.

#### Easy, hassle-free setup

Once you remove the soundbar and other items out of the box, setup couldn't be easier. Be on your way to enjoying powerful sound in minutes.

#### Free 1-year Warranty

Parts and labor are covered for one year FREE of charge.

#### Sleek Design

Enjoy a streamlined and contemporary look of this soundbar that will complement your TV.

### About Hisense

Hisense is a multinational consumer electronics manufacturer and one of the largest TV brands in the world. The company was established in 1969 in Qingdao, China and its US headquarters are located in Suwanee, GA.

Holding the #3 TV share position globally\* and #1 TV share position in China\*\* for 13 consecutive years, Hisense offers an innovative range of technology products that provide significant value to consumers.

Hisense products, including TVs, refrigerators, air conditioners, dehumidifiers, beverage coolers and freezers, are available globally in over 130 countries and regions.

The Company is committed to advancing the consumer technology industry across North America and has dedicated R&D centers in Atlanta, GA; San Jose, CA; and Toronto, Canada to enable localized product development and innovation.
